

MATADOR DOLLY

The Matador Dolly is a lightweight, 2 wheel steering dolly on which a seat swivel support or JanJib can be mounted. A non-slip carpet layer is fixed to the platform. The Matador Dolly can be widened with sideboards which are supplied standard with the Matador Dolly. Its extendable back-axes will guarantee a very high degree of stability. This dolly is steerable from either end. The Matador Dolly accepts trackwheels, pneumatic wheels and hard rubber wheels.

There are different accessories available like side board with a 100/150 mm bowl fitting.
